Colours That Go Beyond

01

True to Life

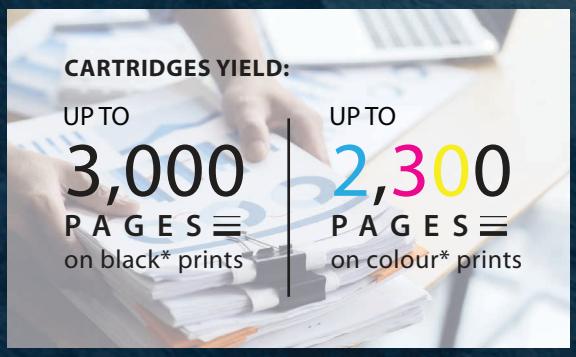

Professional printouts that are vibrantly accurate. Brother's leading LED technology means that colours produced by the MFC-L3760CDW are crisp and sharp, with smooth and natural gradients. Reduce the guesswork and unnecessary reprints as documents are printed as accurately as how they appeared on screen.

02

Meet High Volume Printing Needs

Print so much more at a fraction of the cost for greater value overall. With Brother's toners, the MFC-L3760CDW offers incredibly efficient print usage rates that reduce the need for frequent replacements. Print costs are averaged out over a longer period of time as well, keeping Total Cost of Ownership (TCO) low.

* Approximate cartridge yield is declared in accordance with ISO/IEC 19798.
